PSA Storyboard Winners

A couple is the center of attention  
with everyone enjoying their  
company.

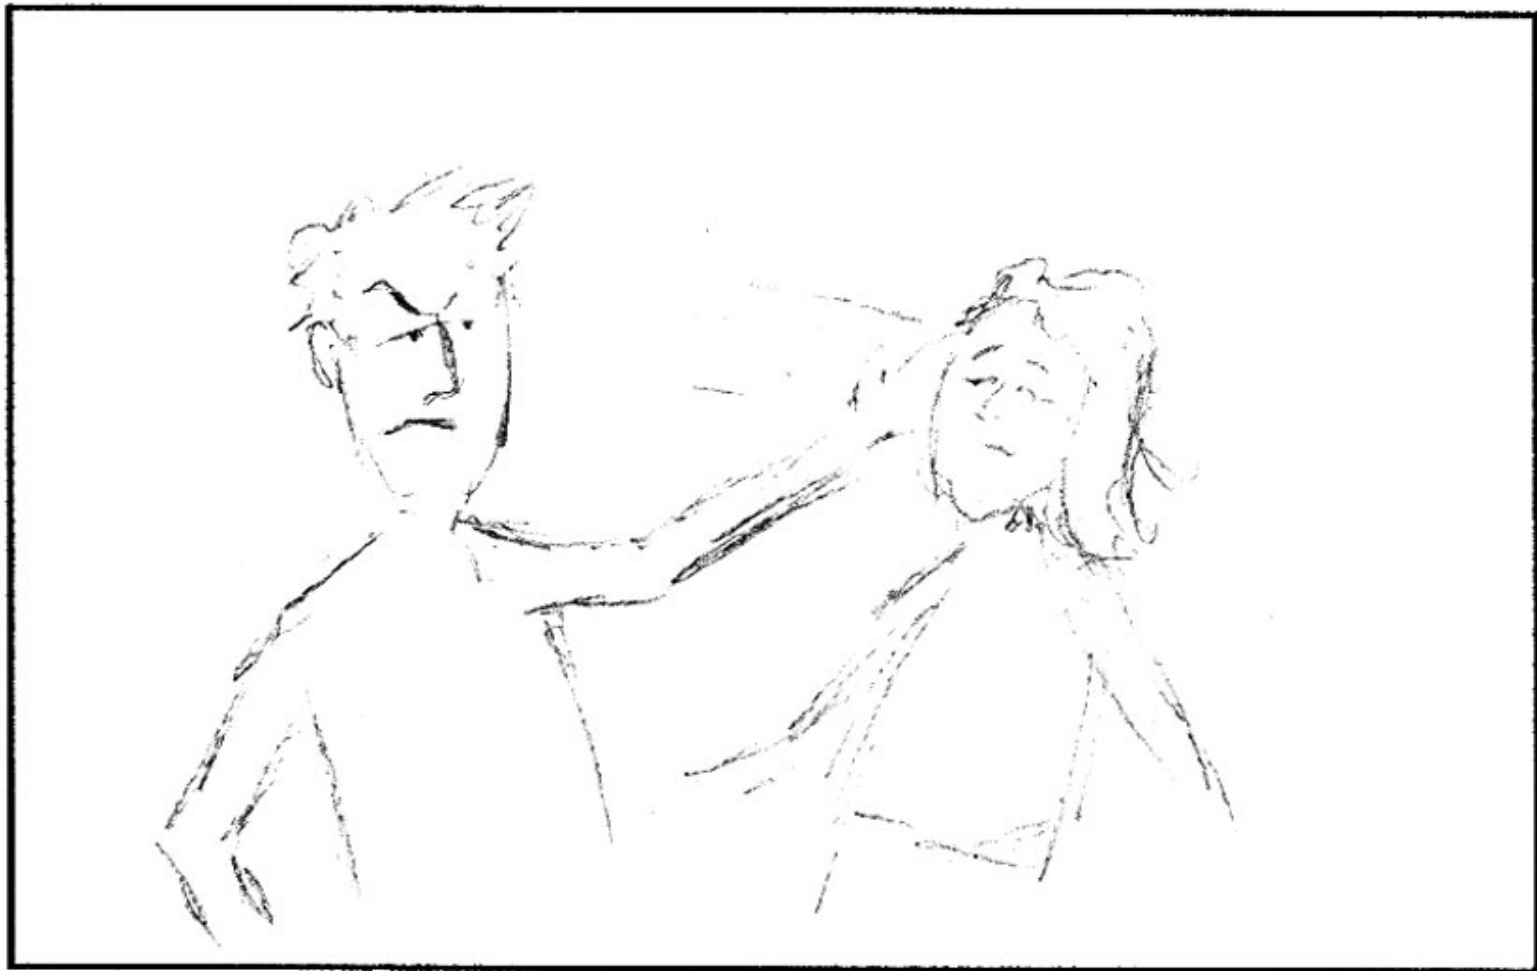

Everyone is separating so that  
they can do the "guy thing" and  
the "girl talk"

The guy wants to leave and the girl  
is guilt-tripped into going with him  
by her friends

Guy is upset that the girl didn't  
come with out a fight.

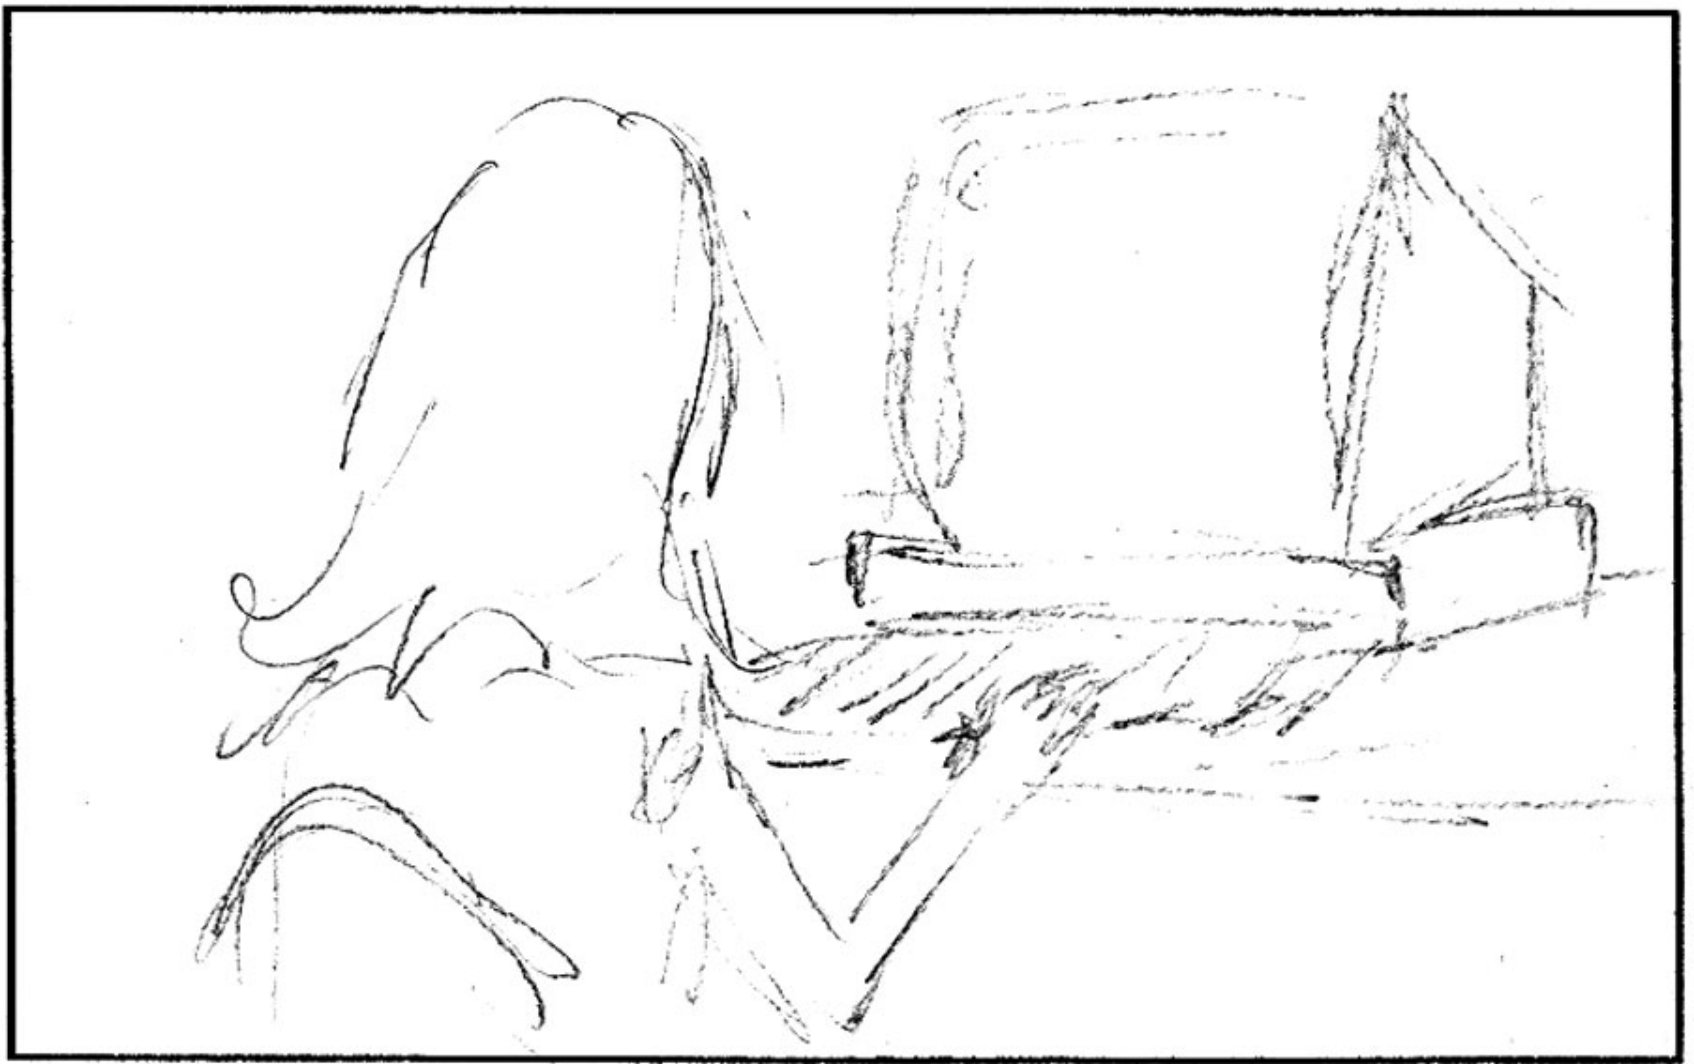

The guy hits his girlfriend  
because he is upset at being made  
a fool of. Dating violence is common  
but never okay.

Girl doesn't know what to do  
because she knows that her girlfriends  
won't believe her and she doesn't want to  
be called a liar or lose her friends.

Girl looks for other options of  
help @ weboffriends.com
